[I am surprised that this file should not have been sent up to me till now. There is a proposal about which the Dept has been addressing Govt from time to time asking for early orders & the Office has been content to write reminders without bringing the matter to the notice even of the Secy, & the case has been hung up for over a year.

The Office should display a greater sense of the relative importance of cases.]

28 The Dy. wants the Club premises to be acquired & Govt & PWD consider that it is on a low site & unsuitable & is considering whether another house (Mr Sitaramayya's) may be purchased instead.

29 This is an aspect which the Dy should have been informed of earlier & he should have been asked to discuss & settle the matter with the PWD. It is just possible that the Club premises may have to be acquired in addition to Mr Sitaramayya's house. Please write to Dy sending copy of the Ch-Engr's letters & ask him to

Letter No 167 dated 17th August 1914 from the Principal Maharaja s College Mysore to the Inspector General of Education in Mysore

---

I have the honour to state that the house at present the building of the Cosmopolitan Club will become vacant next month

I have on several occasions addressed the Government on the desirabilit of acquiring this house for the purposes of the College Students'Home -- either as a house for a warden or to give additional accommodation for the Students The purchase of this house would put the whole of the triangular piece of land of which the Students' Home forms part into the hands of the Government I believe the house can be either rented or bought - but for many reasons it is desirable that the house and land should become the property of the Government

The matter is urgent as the house may be disposed of immediately

Sir,

With reference to this office No 9634 dated the 23rd October 1914, I have the honour to forward herewith the plan and a valuation statement, received from the Executive Engineer, Mysore Division, of Mr D Sitarama Rao's bungalow at Mysore The cost of the structures, as estimated, amounts to Rs 14,969, or Rs 15,000 in round figures, and Mr D Sitarama Rao does not dispute this valuation, but he takes objection to the value of 8 annas per square yard of vacant land fixed by the Executive Engineer Land in Lakshmipuram is sold at Re 1 to 1-4-0 a square yard The property in question being in a better locality, a rate of Rs 1-8-0 per square yard may be allowed The value of the land will then come to Rs 4,023

2 In addition to this, 10 per cent is demanded on account of compulsory acquisition of the property This may be put down at Rs 2,850 Thus the total cost of the property will be Rs (15,000+ 4,023+2,850) - 21,873 or Rs 22,000 in round figures

3 The property is situated in convenient proximity to the existing Hostel and can accommodate at least 40 students in the main building and 20 in the outhouses if slight improvements thereto are carried out Moreover, there is room enough for turning two rows of rooms at the south-east and north-west corners and the locality is unexceptionable as it is situated on a fine airy ridge at the junction of important roads Mr Sitarama Rao demanded Rs 25 000 for the property I should recommend its purchase for an upset price of Rs 22,000 and Government may enhance the value, if they are so pleased, by a thousand or two or account of its fine situation and the surroundings of the locality

4 A copy of the letter dated the 17th April 1913 received from Mr D Sitarama Rao on the subject, is also enclosed for information

5 Your office un-official No 154 dated the 12th April 1913 is herewith returned

Letter dated Bangalore 17th April 1915 from D Sitarama Rao, Esq , Retired Superintending Engineer, Bangalore to the Superintending Engineer, Southern Circle

---

With reference to your letter No 3027 dated the 14th instant offering me Rs 22,000 as an upset price for my property (Margosa Lodge) at Mysore, I have the honour to represent that I had, in my letter dated the 10th November 1914, explained fully why, for various valid reasons, I had set a value of Rs 25,000 and expressed a desire to part with the property

2 The Bungalow is now under the occupation of the Educational authorities and I have to remove my furniture and other articles from the rooms under my occupation to make it over finally

3 From para II of the letter under reply I read that the Chief Engineer is not disposed to admit the charges "for supervision and direction as allowance should be made for deterioration" In this connection I may be allowed to point out that a deduction of 10 and 15 per cent had already been made in the abstract estimate which was sent with your letter of the 9th November 1914 for the main building and outhouses respectively under "depreciation" to the extent of Rs 1,668 (1,291 + 377) and this was accepted by me

4 Considering the enhanced rate now obliged to be paid for the wood work generally which has risen from Rs 3½ to 4½ a cubic foot, the value I asked for at the old rates after allowing Rs 1,668 for deterioration does not appear to be either exorbitant or unreasonable

5 With these further observations I leave the question of finally fixing the amount to the favourable consideration of the benign Government and I agree to accept the sum decided upon by the Government

6 I will transfer the property on receipt of instructions
